

Little Trails

Little Trails is a series that helps students develop skills and knowledge they will use inside and outside the classroom by combining the social practices of language with an interactive, text-rich linguistic program.

This series provides many opportunities for students to interact using English, as well as to express themselves through written and oral texts.

Help your students
enjoy using English
as they **develop basic
communicative skills.**

STRUCTURE

Little Trails includes ten units, each divided into seven sections:

- The **Topic Trail** & **Reading Trail** sections develop vocabulary as well as reading comprehension and literacy skills related to a corresponding text in the **Fact Book** or **Story Book**.
- The **Language Trail** & **Learning Trail** pages provide controlled and freer practice of new language.
- The **Writing Trail** includes meaningful and age-appropriate tasks that will help students develop basic writing skills.
- The **Game Trail** appears two units to enable students to practice the language while they play a fun board game!
- The **Real English** page helps students practice the mechanics of the language.

The **Special Days** pages, at the back of the book, offer two activities related to different holidays, so they can be used at the appropriate time of the year!

This series provides students with well-designed sequential activities, experience across the four skills, and critical thinking development.

BENEFITS

ENCOURAGES YOUR STUDENTS TO BEGIN TO COMMUNICATE IN ENGLISH

■ **Little Trails** develops your students' English skills through fun and dynamic activities, such as cutting and pasting, games, TPR activities, and more.

HELPS YOUR STUDENTS TO DEVELOP CRITICAL THINKING SKILLS

■ With the specially selected topics, texts, and activities contained in **Little Trails**, your students will be able to develop different social and critical thinking skills.

USES NEWLY LEARNED LANGUAGE IN A MEANINGFUL WAY

■ Students will have the opportunity to practice and use the language they have learned in an integrated team project.
